

AI Solutions for Commercial Insurance

No AI Team? No Problem.

THE CHALLENGE

MGAs and insurers are under pressure to grow faster—but face a shortage of tech-savvy underwriting talent, escalating hiring costs, and increasing regulatory demands.

THE SOLUTION

AllDigital provides AI-powered systems trained to your specific underwriting guidelines. Our platform augments your underwriting team, enabling smarter, faster, and scalable portfolio growth—without needing to build an AI team from scratch.

KEY BENEFITS

- Accelerated Portfolio Growth – Faster risk assessments and decision-making reduce turnaround times for quotes and approvals.
- Reduced Talent & Technology Costs – Scale efficiently without hiring IT personnel or investing in costly tech development.
- Enhanced Risk Management & Compliance – AI-driven underwriting ensures consistency, minimizes errors, and supports regulatory adherence.

WHAT YOU GET

- Custom-Trained AI System
- Intuitive Front-End User Interface
- Secure Application Server
- Scalable Database Infrastructure

TIMELINE

Go live in as little as 6 months

PRICING

One-time training cost +
monthly SaaS subscription

CASE STUDIES

- Developed an AI system for U.S. admitted business, enabling to write over \$80 million in premiums over 4 years with only 5 underwriters.
- Designed an AI system for Lloyd's Management Liability, automating 80% of the underwriting workload. Currently under rigorous testing.
